

**CORN INBRED CHARACTERISTICS FORM**  
 Características varietales líneas puras de maíz (*Zea mays* L.)  
**Association of Official Seed Certifying Agencies**

<b>Nombre agencia responsable:</b> Agency responsible			
<b>Nombre de la línea:</b> Pedigree name		<b>Nombre de sinonimia:</b> Synonymy	

<b>Obtención de la línea</b> Inbred obtain	<b>Doble aploide / Double haploid</b> <input type="checkbox"/> <b>Autopolinización / Self-pollinated</b> <input type="checkbox"/>	<b>N° generaciones de estabilización y/o autopolinización:</b> Generations numbers to stabilizations or Self-pollinated	
---	--	--	--

<b>Año de introducción:</b> Year of introductions	<b>Mantenedor de la línea:</b> Maintainer of this inbred
--	---

<b>Nombre y e-mail del responsable de la línea:</b>	Name: <input style="width: 95%;" type="text"/>
Name and e-mail address of inbred responsible	E-mail: <input style="width: 95%;" type="text"/>

Características / Characteristics	Amount / note
	*: When be necessary, please indicate <u>Presence and range of permitted fluctuations</u>
<b>N° días desde emergencia a 50% sedas:</b> Days from emergence to 50% of plants in silk	<input style="width: 95%;" type="text"/>
<b>Altura de planta (cm):</b> Plant height	<input style="width: 95%;" type="text"/>
<b>Promedio de mazorcas por tallo:</b> Average number of cob per stalk	<input style="width: 95%;" type="text"/>
<b>Pigmentación antocianica de raíces de anclaje *:</b> Anthocyanin in brace roots	Absent <input type="radio"/> Faint <input type="radio"/> Moderate <input type="radio"/> Strong <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Hoja: Color de la hoja*:</b> Leaf: Leaf color	Light <input type="radio"/> Ligth green <input type="radio"/> Medium green <input type="radio"/> Dark green <input type="radio"/> Dark <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Hoja: Color de la vaina *:</b> Leaf: Shealh color	Light green <input type="radio"/> Medium green <input type="radio"/> Green and purple <input type="radio"/> Purple <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Hoja: Angulo entre hoja y tallo *:</b> Leaf: Angle of leaf from stalk	< 30° <input type="radio"/> 30 - 60° <input type="radio"/> > 60° <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Hoja: Decumbencia de la hoja *:</b> Leaf: Leaf attitude	Straight <input type="radio"/> Slightly recurved <input type="radio"/> Recurved <input type="radio"/> Stronglt recurved <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Hoja: Ancho de la hoja (cm.)</b> Leaf: Leaf width	6 - 7 cm. <input type="radio"/> 7 - 8 <input type="radio"/> 8 - 9 <input type="radio"/> 9 - 10 <input type="radio"/> > 11 <input type="radio"/>
<b>Panoja: Coloración de la base de la gluma *:</b> Tassel: Coloration at base of glume	Absent <input type="radio"/> Light <input type="radio"/> Medium <input type="radio"/> Dark <input type="radio"/> Heavy <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Panoja: Coloración de la gluma *:</b> Tassel: Coloration of glume excluding base	Green <input type="radio"/> Green / purple <input type="radio"/> Pink <input type="radio"/> Purple <input type="radio"/> Purple / green <input type="radio"/> Yellow <input type="radio"/> Yellow / green <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Panoja: Coloración de las anteras *:</b> Tassel: Anthers colorations	Pink <input type="radio"/> Yellow <input type="radio"/> Yellow red <input type="radio"/> Yellow purple <input type="radio"/> Red <input type="radio"/> Purple <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Panoja: Densidad de espiguillas</b> Tassel: Density of spikelets	Lax <input type="radio"/> Medium <input type="radio"/> Dense <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Panoja: Angulo de ramificaciones *:</b> Tassel: Angle between main axis and branches	< 30° <input type="radio"/> 30 - 60° <input type="radio"/> > 60° <input type="radio"/> Other <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Panoja: N° promedio de ramificaciones</b> Tassel: Numbers of average tassel branch	2 - 4 <input type="radio"/> 4 - 6 <input type="radio"/> 6 - 8 <input type="radio"/> 8 - 10 <input type="radio"/> 10 - 12 <input type="radio"/> > 12 <input type="radio"/>
<b>Sedas: Color (al tercer día de emergencia) *:</b> Silk: Color (3 days after emergence)	Green <input type="radio"/> Yellow <input type="radio"/> Salmon <input type="radio"/> Pink <input type="radio"/> Red <input type="radio"/> Purple <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Mazorca: Longitud (cm)</b> Cob: Lengtt	< 10 cm <input type="radio"/> 10 - 12 <input type="radio"/> 12 - 14 <input type="radio"/> 14 - 16 <input type="radio"/> 16 - 18 <input type="radio"/> > 18 cm <input type="radio"/>
<b>Mazorca: Color coronta *:</b> Cob: Cob color	White <input type="radio"/> Pink <input type="radio"/> Red <input type="radio"/> Bronze <input type="radio"/> Brown <input type="radio"/> Other* <input style="width: 15%;" type="text"/>
<b>Macho esterilidad ?</b> Male sterile	Yes <input type="radio"/> No <input type="radio"/> <b>Si es sí, describir tipo</b> If yes, describe type <input style="width: 30%;" type="text"/>
<b>Organismo genéticamente modificado (OGM) ?</b> Genetically modified organism (GMO) ?	Yes <input type="radio"/> No <input type="radio"/> <b>Si es sí, describir rasgos</b> If yes, describe traits <input style="width: 30%;" type="text"/>
